Summary

Using a multisensory, strength-based approach, the Nemours BrightStart! The Complete Program for Early Literacy Success: Level Two offers early childhood providers the latest in education curriculum research design, with the highest of quality teacher support materials designed for an effective, easy, and fun implementation in any preschool classroom, regardless if it is a full-day year-round program, or a half-day summer-only program. The Nemours BrightStart! Early Literacy Success program is appropriate for new early childhood educators that need additional support as they begin their career, as well as for established educators interested in refreshing their skills with the latest of results-driven, creative teaching strategies.
Nemours BrightStart! The Complete Program for Early Literacy Success: Level Two, published in 2012, is a unique program specifically designed for teaching early literacy skills to small groups of preschool children! The 36 scripted and carefully-sequenced lessons are designed for short child and teacher interactions planned within the typical preschool daily schedule. The over 300 activities support early emergent literacy skills, such as letter knowledge, print awareness, and phonological awareness, which perfectly align to early learning literacy standards.

This easy-to-implement, developmentally appropriate, research-based program provides educators with a wealth of information designed to meet and extend the basic learning needs of today’s and tomorrow’s preschool classroom!

### Professional development

CUSTOMIZED ON-SITE, ONE TO TWO DAY, INITIAL IMPLEMENTATION AND FOLLOW-UP TRAINING for Nemours BrightStart! The Complete Program for Early Literacy Success: Level Two.

In an effort to help school districts, preschool programs, head starts, etc. meet needs specific to their program, customized on-site implementation training is available. Customized sessions will include a mini needs assessment and planning session over the phone. This allows specific areas of concern for administrators and staff to be addressed during the implementation process.

Fee is based on the size of program, length of training, and additional customizations needed. For planning purposes, the initial daily training rate is $2500 per day for a maximum of 40 participants. Our professional development department will be happy to customize a training proposal specific to your unique needs. Please email info@kaplanco.com for more details.

Nemours® BrightStart! Online Training Annual Subscriptions
Nemours® BrightStart! combines expertise in child health care and early childhood education research to provide online training with the Nemours® BrightStart!
