Summary

*Learn Every Day: The Program for Infants, Toddlers, and Twos*, published in 2013, is composed of a three-volume teacher resource guide with two music CDs by award-winning composer Mar Harmon. This set contains two volumes filled with tips, advice, strategies, and hundreds of activities specifically designed for all learners, including those with developmental delays, as well as infants whose native language is not English. It also contains a foundation guide which has been designed to help teachers explore the theories and concepts behind the program, to provide teachers with information from some of the top experts in infant and toddler development, and to help teachers create and arrange nurturing environments. Written by experts in the field of early learning, this program provides advice on infant development, working with children who have special needs, family engagement, and so much more.

Professional Development

Customized on-site, one to two day, initial implementation and follow-up training for Learn Every Day: The Program for Infants, Toddlers and Twos

In an effort to help school districts, preschool programs, head starts, etc. meet needs specific to their program, customized on-site implementation training is available. Customized sessions will include a mini needs assessment and planning session over the phone. This allows specific areas of concern for administrators and staff to be addressed during the implementation process.

Fee is based on the size of program, length of training and additional customizations needed. For planning purposes, the initial daily training rate is $2,950 per day for a maximum of 40 participants. Our professional development department will be happy to customize a training proposal specific to your unique needs. Please email info@kaplanco.com for more details.

Technical Assistance/Demonstration—In-classroom technical assistance and demonstration allow for the highest impact of curriculum implementation. *Learn Every Day: The Program for Infants, Toddlers, and Twos* experts will be available to provide one-on-one assistance to teachers during their classroom day. For planning purposes, the initial technical assistance rate is $2,950 per day. Please email info@kaplanco.com for more details, including pricing.
