Summary

Using a multisensory, strength-based approach, the Learn Every Day and Nemours BrightStart! super set offers early childhood providers the latest in education curriculum research design, with the highest of quality teacher support materials designed for an effective, easy, and fun implementation in any preschool classroom, regardless if it is a full-day year-round program, or a half-day summer-only program. The Learn Every Day and Nemours BrightStart! super set is appropriate for new early childhood educators that need additional support as they begin their career, as well as for established educators interested in refreshing their skills with the latest of results-driven, creative teaching strategies.

Learn Every Day, published in 2012, is composed of a three-volume teacher resource guide that highlights 36 thematic units containing ESL tips, special needs adaptations, and suggestions for extending learning. The curriculum includes 1,300 literacy, math, science, social studies, and creative arts activities,
as well as a music CD. While the strong scope and sequence of the Learn Every Day curriculum safeguards adherence and alignment to early learning standards, the thematic units are flexibly organized, offering educators the ability to individualize instruction based on the needs and interests of their children, classroom environment, and community culture. The high-interest, thought-provoking thematic units include:

- School
- Me
- Me and My Family
- My Five Senses
- Each Other
- Transportation
- Safety
- Social Studies
- Friends Around the World
- Celebrations
- The Past
- Science
- Colors
- Shapes
- Measurements
- Numbers
- Music
- Our Green Earth
- The Ocean
- Rocks and Minerals
- Plants
- Fruits and Vegetables
- Nutrition
- Seasons
- Weather
- Arts
- Make-Believe
- Active Me
- Community Places
- Community Helpers
- Dinosaurs
- Pets
- Fins and Feathers
- Bugs and Spiders
- Farm Animals
- Wild Animals

Nemours BrightStart!, published in 2010, is a unique program specifically designed for teaching early literacy skills to small groups of at-risk 4- and 5-year-old children. However, it is an effective teaching tool for all preschool children! The 20 scripted and carefully-sequenced lessons are designed for short child and teacher interactions planned within the typical preschool daily schedule. The over 250 activities support early emergent literacy skills, such as letter knowledge, print awareness, and phonological awareness, which perfectly align to early learning literacy standards. Nemours BrightStart! A Parent’s Guide to Reading Readiness extends the learning day by providing parents with fun ideas to do at home!

The combination of these two easy-to-implement, developmentally appropriate, research-based programs provides educators with a wealth of information designed to meet and extend the basic learning needs of today’s and tomorrow’s preschool classroom!

Detailed list of materials submitted

As an approved Florida curriculum the LED/NBS super set contains the following components. The components listed below are ordered as a complete super set, not individually ordered items. However, additional items such as manipulative and children’s book set are also available to complement and enhance the implementation but are not required. These additional items can be found at www.Kaplanco.com. Prices are subject to change due to market fluctuations.

The LED/NBS! Super Set includes:

- Learn Every Day: The Preschool Curriculum (published 2012)
  - Learn Every Day: The Preschool Curriculum Program Guide,
  - Learn Every Day: The Preschool Curriculum: Foundations for Learning
2014 School Readiness Curriculum Approval Process

- Learn Every Day: The Preschool Curriculum (Volume I & Volume II)
- Nemours BrightStart! Program for Early Literacy Success (published 2010)
  - Nemours BrightStart! Program for Early Literacy Success Level 1 Lesson Plan Kit (Lessons 1-20 and Teaching Guide)
  - Nemours BrightStart!: A Parent’s Guide to Reading Readiness (20 copies)

Professional development

PROFESSIONAL DEVELOPMENT IMPLEMENTATION PLAN:
KAPLAN ONLINE COMMUNITY The free Kaplan Online Community implementation and training opportunities (webinars) are designed to introduce and assist teachers on how to effectively implement the Learn Every Day & Nemours BrightStart super set curriculum. The webinar training offers registered users a series of three, one hour sessions. The initial presentations are recorded live and then archived for the life of the adoption. This allows for on-demand 24/7 viewing from registered users. Participants must register to participate. Registration and participation are free, but does require internet connection and a valid email address for each individual viewer. After viewing individualized certificates are emailed to the registered viewers individual email address within five business days of viewing.

A schedule of initial live webinars and archived webinars can be found on the Kaplan website at http://www.kaplanco.com/florida/

To obtain certificate of viewing, participants are required to login to the online community, register their email address and submit an evaluation following each webinar attendance. Only one certificate per registered user will be awarded.

REGIONAL PRE CONFERENCE INTRODUCTORY IMPLEMENTATION SESSION
Regional pre-conference introductory implementation sessions will be presented annually at several regional conferences for the life of the adoption, based on interest of participants and invitation of the regional conference. The pre-conference session will allow users to combine attendance at professional development conferences with curriculum implementation training.

While the attendance to the Kaplan preconference session will be free of charge from Kaplan, the hosting conference organization may require a nominal registration fee. Participants are required to register for the preconference session following the requirements outlined by the hosting organization.

The pre-conference session is designed to introduce and assist teachers on how to effectively implement the curriculum on a daily basis and to increase children’s school readiness skills. A schedule of preconference sessions will be maintained on the Kaplan website at www.Kaplanco.com/resources/events and www.kaplanco.com/florida.
CUSTOMIZED ON-SITE, ONE TO TWO DAY, INITIAL IMPLEMENTATION AND FOLLOW-UP TRAINING for Learn Every Day and Nemours BrightStart! Super Set.

In an effort to help school districts, preschool programs, head starts, etc. meet needs specific to their program, customized on-site implementation training is available. Customized sessions will include a mini needs assessment and planning session over the phone. This allows specific areas of concern for administrators and staff to be addressed during the implementation process.

Our professional development department will be happy to customize a training proposal specific to your unique needs. Fee is based on the size of program, length of training, and additional customizations needed. Programs may contact the Kaplan professional development department at 1-800-334-204, ext. 3252 for a customized proposal.
