Professional development

Schools may choose to purchase the curriculum in tandem with a training program, (described below) conducted by an early education specialist. Schools choosing this option would pay $2,500 for the program.

Regional Trainings: Scheduled regional training events, planned by early education specialists, offered multiple times yearly. This is 6+ hours of regionally scheduled training and provides the following:

- Introduction to curriculum, with an in-depth view of Early Childhood Philosophy of Education
- Introduction to all teacher and student materials and implementation
- Age appropriateness and child development
- Differentiation of instruction
Florida Department of Education

2014 School Readiness Curriculum Approval Process

- Flexibility and learning styles
- Interactive, discovery-based, hands on learning (making learning exciting and engaging)
- Scheduling and planning
- Room arrangement to maximize involvement at Center Time (small group) and Circle Time (whole group)
- Assessments
- Approaches to Learning, Emergent Literacy, and Mathematics
- Cognitive Development and General Knowledge

Teachers will receive training notebooks with the material covered in the sessions to keep as a reference.
