

My New School Scavenger Hunt

*Instructions: It's time for an adventure around your new school!
Fill in the answers as you find each place.*

You're in kindergarten now, there's a lot to be excited about.
Start the scavenger hunt, your family can help out!

Here's where cars, buses and bicycles go,
At the beginning and end of each school day.
Do you know?

If you're just visiting or new to our school,
Stopping by this room at the front is really cool.

What's the difference between dinner and lunch?
One happens at school where together we munch.

After visiting this place, always plan,
To go to the sink and wash your hands.

If you feel a tummy ache or fall and scrape your knee,
Go see the school nurse here as quick as can be.

Jump and swing at this place we play,
Every day here is a wonderful day.

Where is the room we learn the most each day?
Your teacher is here to help you succeed, hooray!

Sing songs, play drums, be very dramatic,
In this room you can create musical magic.

Books are terrific and full of much cheer,
Science fiction, mystery and nonfiction are found here.
