

Virtual Social Studies Learning Circle Sessions: Components A-H

You are invited to attend virtual Learning Circle sessions targeted at the **Social Studies Domain** of the *Florida Early Learning and Developmental Standards*. Each session will cover one component of the Social Studies Domain and provide opportunities for participants to discuss in detail the Social Studies Standards with in the component. Participants will gain a deeper understanding of the standards and how to better teach the standards to our youngest learners.

The Office of Early Learning will award 1.5 in-service points to all participants who are actively engaged in the Learning Circle experience. Throughout each session the Learning Circle host will provide multiple opportunities for participants to contribute via group conversations, the chat box and polling questions. Engagement is most effective if participants have their camera on and are present for the entire session.

Each session is sponsored by the Office of Early Learning and will be facilitated by a team of VPK Regional Facilitators.
