Procedures
Before you begin the lesson
1. Create a chart that contains the target letter being taught and has enough space to include children’s pictures along with the target letter.

Letter Name/Letter Sound (Whole Group)
1. Choose one letter to focus on for your lesson. Obtain a picture of all the children whose name begins with the target letter.
2. Introduce the letter name and sound for the target letter.
3. Share the pictures of children whose name begins with the target letter.
4. Practice saying the chosen children’s names with the whole group and listen for the sound of the target letter.

Art Activity (Small Group)
Note: The small group activity should not be done until the whole group is conducted.
1. Working in a small group, children select a photograph, name the child, and say the initial sound in the child’s name.
2. Place the photograph on the chart beside the letter that corresponds to the initial sound.
3. Continue until all photographs are reviewed.

Adaptations
• Teacher can guide and prompt children who may have difficulty choosing a photograph, naming the child, and saying the initial sound in the child’s name.
• Teacher can guide and prompt children who are having difficulty identifying the beginning sound/letter.

Extensions
• Include up to four different target letters at one time.
• Children can use the photographs to make a class alphabet book.

Checking for Understanding
Children will demonstrate their understanding of the lesson by:
• identifying and naming the child in the photograph and placing the photograph next to the appropriate letter.
