

COVID – 19 Crisis

Emergency Funding Assistance for Early Learning/Child Care Providers Coronavirus Aid, Relief and Economic Security (CARES) Act Initiatives

OF INTEREST TO

The Division of Early Learning (DEL, the Division), Early Learning Coalitions and other subrecipients of DEL implementing federal and state early learning programs (ELCs, coalitions), such as the School Readiness (SR) Program and the Voluntary Prekindergarten Education (VPK) Program and private early learning/child care providers not contracted with a coalition (Providers).

SUMMARY

This program guidance addresses the methods for tracking costs associated with the COVID-19 crisis. It also provides coalitions and providers guidance about emergency funding assistance for early learning providers, their staff and families affected by the Coronavirus Pandemic, as funded by the CARES Act.

PROGRAM GUIDANCE

The following guidelines should be used by coalitions, providers and families in Florida during the COVID-19 state of emergency as declared by the President of the United States and the Governor of Florida for initiatives funded by the CARES Act.

Temporary Closures

Voluntary Pre-Kindergarten – Additional Closure Days due to COVID-19 (Oct 2020 – June 2021)

Rule 6M-8.204, F.A.C., addresses the conditions for reimbursement of providers during temporary closures caused by emergency circumstances. Section 5(a) of the Rule states in order for a temporary closure to be payable, a state of emergency must be declared by federal, state or local officials. It also indicates that private providers or school districts shall revise their “class schedule to restore VPK instructional days which are lost due to temporary closures caused by emergency circumstances in excess of a total of five (5) instructional days for a VPK class” and these make-up days/hours must be completed no later than June 30th for regular school year classrooms.

DEL recognizes the magnitude of the current federally declared COVID-19 crisis on a provider’s operations and received authorization to pay for VPK Closure Days due to COVID-19 as follows –

Coverage Period	Funding	Days to be made up
March – Sept 2020	General Revenue	No
October 2020 – June 2021	CARES Act	Yes, if emergency closures (max 5) not used ²
July 2021 – June 2022	CRRSA Act ¹	Yes, if emergency closures (max 5) not used ²

¹Refer to Appendix B – CRRSA Act Initiatives for information specific to these closures

² Providers and school districts must still adhere to the specifications in Rule 6M-8.204, F.A.C.

For the period of October 2020 – June 2021, DEL provided coalitions with a list of days available for reimbursement due to COVID-19 closures, as well as any additional instructions for reimbursement with CARES Act funding. Coalitions will need to verify payable closures and the worksheet will calculate payments due to the providers.

Coalitions shall –

- Verify payable closures; and
- Pay providers within 45 days of receiving quarterly list; and
- Review the VPK Overpayment Report and process adjustments in EFSM for excessive days paid, if necessary; and
- Invoice DEL on the monthly EL workbook following the quarter’s payment to providers using the OCA – CVPKC (CARES VPK Closures – October 2020 through June 2021); and
- Maintain adequate records to support calculated payments to providers.

Fee Waivers – School Readiness

In accordance with DEM Order No. 20-004, all parent copays were waived, regardless of income, from May 1, 2021 – June 30, 2021 and will be paid from CARES Act funding. Changes were implemented by DEL’s EFS Mod team into the SSIS. On a monthly basis, coalitions will need to run the Parent Copays by OCA report in Tableau and reclassify parent copays from the assigned OCA in the SSIS to the OCA designated for CARES Act Funded parent copays (CSRPC). Coalitions must submit this report with their monthly reimbursement requests as indicated in the [Invoicing/OCA coding instructions, CARES Act funded](#) section below.

Immediate: First Responders/Health Care Workers Direct Services

The CARES Act prioritizes short-term funding to provide services for first responders and health care workers that must work outside the home and would not otherwise have child care. DEL has developed a referral program for those meeting the eligibility requirements in accordance with 6M-4.200 for at-risk families. Requirements include –

- The child is a US citizen;
- The family resides in Florida;
- One or both parents are employed as an essential employee as defined by the Governor’s Executive Order 20-91 and determined by the Division of Early Learning. Currently, parents employed as defined in the Healthcare/Public Health and Law Enforcement, Public Safety, and other First Responders categories qualify for services. Updates to those qualifying for essential employee child care service benefits will be posted on DEL’s [website](#).

Families meeting the requirements for essential employees must be transferred into the billing/eligibility group BG1 – ESS within the SSIS to ensure proper tracking of costs that could be used to claim reimbursement of potential disaster related funds during the crisis period. New enrollments for this program ended July 31, 2020; therefore, no referrals for NEW enrollments should be accepted after this date. Referrals for children currently receiving services may continue until the end of Executive Order 20-52 or a date established by the Division of Early Learning, if later.

First Responders/Health Care Workers Bonus Grant for Providers

Early Learning/child care providers and family child care homes serving essential workers (as determined by DEL) will receive a monthly bonus/incentive of \$500 per child, up to \$4,000 per month, for a maximum of \$12,000 per provider location. This incentive is in addition to the School Readiness reimbursement rate the contracted provider receives.

Provider Eligibility

Early Learning/child care providers that currently have a School Readiness contract with a coalition or RCMA, including licensed family child care homes, and are serving eligible first responder and health care worker families.

Please refer to Attachment 1 – Child Care Services for First Responders and Health Care Workers Q&A Guidance and Attachment 2 – Bonuses for Child Care Providers – First Responder Guidance for answers to commonly asked questions regarding these enrollments and bonuses.

Phase I and Phase II: Supports to Contracted and Non-Contracted Child Care Centers

Coalitions will receive additional funding to support both contracted and non-contracted child care providers. These funds are intended to support providers that were open as of April 30, 2020 and to reopen providers that were closed on this date. Both Phase I (Open Providers) and Phase II (Closed Providers) have a specific allocation for Contracted Providers (Priorities 1 and 3) and Non-Contracted Providers (Priorities 2 and 4). These allocations are included in Attachment 5.

The allocation for these funds to each coalition is based on upon a match of the provider data from the Enhanced Field System Modernization (EFSM) file and the Department of Children and Families data which resulted in the identification of approximately 12,000 child care providers. Coalitions were provided these data for their review and verification.

To ensure that all eligible child care providers receive appropriate support, each coalitions' allocation will be sufficient to fund any omitted eligible child care programs. These funds should be paid to providers as soon as practicable (i.e., within 15 business days). Early learning/child care providers that contract with multiple coalitions will be paid by the coalition where the provider is physically located ("home" coalition). Non-contracted providers will be paid by the coalition that serves the physical location of the provider. Duplicate grants will not be offered. Grant funding levels for providers meeting the eligibility criteria as indicated in Table 1:

**Clarified in July 24, 2020 Follow-up to Coalitions.*

Phase I: Emergency Child Care Relief Grants for Early Learning/Child Care Providers

These additional funding allocations are intended to support SR and VPK providers and non-contracted providers that were *open* for business as of **April 30, 2020**, to assist them in staying open during the COVID-19 crisis. These providers may have had intermittent closures. (Providers that have closed permanently after April 30, 2020 are not eligible for these funds.)

Contracted (SR/VPK)

Early learning/child care providers will receive additional funding based on their DCF capacity, when available, or EFS Mod Provider Profile capacity data if DCF capacity is not available, with a minimum amount based upon capacity. Providers must meet each of the following eligibility criteria for payment:

- Early learning/child care provider was open for business providing on site early learning services as of April 30, 2020 (and may have had intermittent closures); and
- Early learning/child care provider has a current/active SR or VPK contract on April 30, 2020 with at least one early learning coalition or Redlands Christian Migrant Association, Inc. (RCMA); and
- Early learning/child care provider is not under investigation or has been convicted of child care fraud; and
- Early learning/child care provider does not receive cash Head Start CARES funding (materials and supplies allowed); and
- Early learning/child care provider completes the grant application (Attachment 3).

Non-Contracted

Early learning/child care providers will receive additional funding based on their DCF capacity, when available. Providers must meet each of the following eligibility criteria for payment:

- Early learning/child care provider was open for business providing on site early learning services as of April 30, 2020 (and may have had intermittent closures); and
- Early learning/child care provider agrees to complete a current fiscal year Child Care Resource and Referral (CCR&R) profile in the [Florida Early Learning Provider Services Portal](#); and
- Early learning/child care provider has not received any Class I DCF violations within the past 12 months; and
- Early learning/child care provider did not have a contract with the early learning coalition that was terminated for cause within the past five years; and
- Early learning/child care provider is not included on the Florida Child Care Food Program (CCFP) USDA Disqualified List; and
- Early learning/child care provider does not receive cash Head Start CARES funding (materials and supplies allowed); and
- Early learning/child care provider is not under investigation nor has been convicted of child care fraud; and
- Early learning/child care provider completes the grant application (Attachment 4), which includes submitting an IRS Form W-9 for payment.

Phase II: High-Quality Reopening Support Grants for Early Learning/Child Care Providers

Coalitions will receive additional funding to support closed SR and VPK providers and non-contracted providers that were **closed** for business as of **April 30, 2020** and **reopened as of August 31, 2020** to assist them in reopening during the COVID-19 crisis.** The terms “consistent with local ordinances or restrictions” can include those providers whose typical reopening dates are 2-3 weeks after the start date of public schools. If providers have not reopened by the projected date in their application, the coalition may take the necessary actions to recoup these funds.

***Given the changes in school district 2020-21 start dates, on August 19, 2020, DEL clarified coalitions are authorized to determine providers eligible with reopen dates on or before August 31, 2020.*

Contracted (SR/VPK)

Early learning/child care providers will receive additional funding based on their DCF capacity, when available, or EFS Mod Provider Profile capacity data if DCF capacity is not available, with a minimum amount based upon capacity. Providers must meet each of the following eligibility criteria for payment:

- Early learning/child care provider was closed for business as of April 30, 2020 and reopened by August 31, 2020 and are providing on-site early learning services (consistent with local ordinances or restrictions); and
- Early learning/child care provider has a current/active SR or VPK contract on April 30, 2020 with at least one early learning coalition or Redlands Christian Migrant Association, Inc. (RCMA); and
- Early learning/child care provider has either Gold Seal status or CLASS composite score of 3.5 or higher; and
- Early learning/child care provider does not receive cash Head Start CARES funding (materials and supplies allowed); and
- Early learning/child care provider is not under investigation nor has been convicted of child care fraud; and
- Early learning/child care provider completes the grant application (Attachment 3), which includes plans for expenditure of funds and reopened date or tentative date for reopening.

Non-Contracted

Early learning/child care providers will receive additional funding based on their DCF capacity, when available. Providers must meet each of the following eligibility criteria for payment:

- Early learning/child care provider was closed for business as of April 30, 2020 and reopened by August 31, 2020 and are providing on-site early learning services (consistent with local ordinances or restrictions); and
- Early learning/child care provider agrees to complete a Child Care Resource and Referral (CCR&R) profile in the [Florida Early Learning Provider Services Portal](#); and
- Early learning/child care provider has not received any Class I DCF violations within the past 12 months; and
- Early learning/child care provider did not have a contract with the early learning coalition that was terminated for cause within the past five years; and

- Early learning/child care provider has either Gold Seal status or CLASS composite score of 3.5 or higher; and
- Early learning/child care provider is not included on the Florida Child Care Food Program (CCFP) USDA Disqualified List; and
- Early learning/child care provider does not receive cash Head Start CARES funding (materials and supplies allowed); and
- Early learning/child care provider is not under investigation nor has been convicted of child care fraud; and
- Early learning/child care provider completes the grant application (Attachment 4), which includes plans for expenditure of funds, entering a reopened date or tentative date for reopening, and submitting an IRS Form W-9 for payment.

This section intentionally left blank

Phase III: Reopening Support Grants for Contracted Early Learning/Child Care Providers (CLASS Exempt and VPK Providers)

Coalitions will receive additional funding to support SR and VPK providers, including contracted Public/Charter School providers and CLASS Exempt providers that were **closed** for business as of **April 30, 2020** and **reopened by August 31, 2020**, to assist them in reopening during the COVID-19 crisis. Program assessments may not have been available due to exemption via Rule 6M-4.740, F.A.C., (SR) or not required (VPK and Public/Charter schools).

The terms “consistent with local ordinances or restrictions” can include those providers whose typical reopening dates are 2-3 weeks after the start date of public schools. If providers have not reopened by the projected date in their application, the coalition may take the necessary actions to recoup these funds. The allocation for these funds to each coalition is based on upon data from the Enhanced Field System Modernization (EFSM) file which resulted in the identification of approximately 3,137 child care providers.

These funds should be paid to providers as soon as practicable (i.e., within 15 business days). Early learning/child care providers that contract with multiple coalitions will be paid by the coalition where the provider is physically located (“home” coalition). Duplicate grants will not be offered. Grant funding levels for providers meeting the eligibility criteria as indicated in Table 2:

Table 2:

Phase III: Reopening Support Grants for Early Learning/Child Care Providers (SR Providers CLASS Exempt and Non Gold Seal and VPK Providers)		
Capacity Range¹	Base Grant Funding	Bonus for Serving or Offering Services for Infant/Toddler and/or Special Needs*
1 - 12	\$ 1,496	\$ 2,000
13 - 20	\$ 2,494	\$ 2,000
21 - 74	\$ 3,990	\$ 2,000

21 - 74	\$ 3,990	\$ 2,000
75 -149	\$ 7,980	\$ 2,000
150+	\$ 11,970	\$ 2,000

¹For the public school district providers, funds are based on the total distinct number of SR/VPK children served in FY 19-20 as opposed to DCF Capacity.

Contracted Private Providers (SR and VPK)

Early learning/child care private providers will receive additional funding based on their EFS Mod Provider Profile capacity data. Providers must meet each of the following eligibility criteria for payment:

- Early learning/child care provider was closed for business as of April 30, 2020 and reopened by August 31, 2020 and are providing on-site early learning services (consistent with local ordinances or restrictions); and
- Early learning/child care provider has a current/active SR or VPK contract on April 30, 2020 with at least one early learning coalition or Redlands Christian Migrant Association, Inc. (RCMA); and
- Early learning/child care provider does not receive cash Head Start CARES funding (materials and supplies allowed); and
- Early learning/child care provider is not under investigation nor has been convicted of child care fraud; and
- Early learning/child care provider completes the grant application (Attachment 3), which includes plans for expenditure of funds and reopened date or tentative date for reopening.

Contracted Public/Charter Schools

Early learning/child care Public/Charter School providers will receive additional funding based on the total number of distinct children served during fiscal year 2019-20. These providers must also meet the requirements for Phase III – Contracted Private Providers above. Public schools should complete one Eligibility Form (Attachment 3) and include a list of the eligible public schools.

NOTE: multiple GRANTS FOR PHASES I – III ARE NOT AUTHORIZED - providers may ONLY RECEIVE one CARES grant, either phase I, II or III.

This section intentionally left blank

Phase IV: Additional Support Grants for Early Learning/Child Care Providers

Coalitions will receive additional funding to support private early learning/child care providers and contracted school district providers that were classified as operational/open on October 15, 2020 and are providing on-site early learning/child care services on the date of application, to assist them in remaining open during the COVID-19 crisis. Contracted school district providers operating the VPK Flex option are also considered eligible. Operational is defined as the provider status listed on the DCF database. **Providers may qualify for Phase IV grants, in addition to any grant awarded in Phases I – III.**

Private early learning/child care providers will receive additional funding based on their DCF capacity, when available, or EFS Mod Provider Profile capacity data if DCF capacity is not available, with a minimum amount based upon capacity. School district providers, whether public or charter, must have an active SR or VPK contract on the date of application in order to qualify and funds are based on the total distinct number of SR and/or VPK children served in FY 2019-20 as opposed to DCF capacity.

These funds should be paid to providers as soon as practicable (i.e., within 15 business days). Early learning/child care providers that contract with multiple coalitions will be paid by the coalition where the provider is physically located (“home” coalition). Duplicate grants will not be offered. Grant funding levels for providers meeting the eligibility criteria as indicated in Table 3:

Table 3:

Phase IV: Statewide Support Grants for Early Learning/Child Care Providers	
Private Providers (Contracted and Non-Contracted: OCA – CPPSG)

21 - 74	\$ 1,750
75 -149	\$ 2,500
150+	\$ 3,250

¹For the public school district providers, funds are based on the total distinct number of SR/VPK children served in FY 19-20 as opposed to DCF capacity.

Private Early Learning/Child Care Providers

Early learning/child care providers must meet each of the following eligibility criteria for payment:

ALL PROVIDERS:

- Early learning/child care provider was operational/open on October 15, 2020 and are providing on-site early learning/child care services (consistent with local ordinances or restrictions, if applicable²) as of the date of application; and
- Early learning/child care provider does not receive cash Head Start CARES funding (materials and supplies allowed); and
- Early learning/child care provider completes the Phase IV grant application (Attachment 7), which includes plans and budget for expenditure of funds;

NON-CONTRACTED PROVIDERS:

- Early learning/child care provider agrees to complete a current fiscal year Child Care Resource and Referral (CCR&R) profile in the [Florida Early Learning Provider Services Portal](#), if not previously completed; and
- Early learning/child care provider has not received any Class I DCF violations since July 1, 2019; and
- Early learning/child care provider did not have a contract with the early learning coalition that was terminated for cause within the past five years; and
- Early learning/child care provider is not under investigation or has been convicted of child care fraud; and
- Early learning/child care provider is not included on the Florida Child Care Food Program (CCFP) USDA Disqualified List; and
- Early learning/child care provider submits an IRS Form W-9 for payment and direct deposit forms (as required by coalition), if not previously submitted.

²The term “consistent with local ordinances or restrictions” for Phase IV grants may include those providers not permitted to establish on-site early learning/child care services until a later date due to local ordinances or restrictions and those contracted school district sites operating the VPK flex option. If providers do not begin on-site early learning/child care services by the established date by the local school district, the coalition may take the necessary actions to recoup these funds.

Contracted Public/Charter Schools

Early learning/child care Public/Charter School providers must have an active SR and/or VPK contract with a local early learning coalition for fiscal year 2020-21 on the date of application and will receive additional funding based on the total number of distinct children served during fiscal year 2019-20. Early learning/child care Public/Charter School providers that did not serve children during fiscal year 2019-20 will receive additional funding based on the total distinct children served during fiscal year 2020-21 as of September 30, 2020. These providers must also meet the requirements for Phase IV – Private Early Learning/Child Care Providers above. Public/Charter schools may complete one Eligibility Form (Attachment 7) and include a list of the eligible public schools and corresponding budget per eligible school.

Invoicing/OCA coding instructions, CARES Act funded

Costs resulting from the First Responder/Health Care Worker Direct Services initiative are considered direct services. These costs should be charged to the appropriate Other Cost Accumulators (OCA) code as generated by the SSIS and reported on the 5045. CARES funded costs should be coded to the OCAs as described in the table below and included in the coalition/RCMA's monthly early learning (EL) invoice.

Parent copays in the SSIS will remain associated with the SR OCA according to the SR eligibility and billing groups. For the service months of May and June 2021, the coalition will reclassify the parent copay expenditures in its general ledger from the assigned SR OCA(s) in the SSIS to the CARES OCA CSRPC in accordance with the Parent Copays by OCA report in Tableau. Each month's invoice for SR and CARES will include evidence of the reclassification in the general ledger resulting in a credit to the appropriate SR OCA(s) and debit to CARES OCA CSRPC.

- Attachment 9 - COVID-19 Grants Issued by Phase and Provider Type must be submitted for all expenditures coded to any of the CARES Phase grants.
- Parent Copays by OCA must be submitted to support the reclassification from SR to CARES funding.

Please contact your grant manager with questions or requests for assistance.

FLEXIBILITY IN EXPENDITURES ACROSS OCAS

Coalitions are authorized to transfer budget across the respective CARES OCAs to meet the local needs for the First Responder Program, Phase I – IV grants, and Parent Copays. Funds allocated for the CARES Rising K Program may not be utilized for any other CARES program or grant.

APPLICATION DEADLINES

Coalitions may establish CARES Phase I – IV grant application due dates specific to its operations, but no later than June 30, 2021. Applications received after the established due date may not be processed. All grant expenditures must be submitted by the FY2020-21 final invoice due date established by DEL.
