Fiscal Year 2018-2019 Data as of September 17, 2019.

Sorted by descending percentage of child payments calculated.

*Orange, Osceola, and Pinellas reset payments to adjust match and are in the process of re-calculating.

Field Descriptions	
Coalition	Name of the Early Learning Coalition.
Child Attendance Records	Number of children appearing on provider's School Readiness attendance rosters during the month. Note this is a count of enrollments (children at a provider), not distinct children.
Attendance Submitted	Number of children with attendance submitted for the month by the provider.
% Attendance Submitted	Attendance Submitted divided by Child Attendance Records for the month. Shows provider's progress towards completing the attendance process.
Child Payments Calculated	Number of child enrollments calculated. Note this also counts enrollments (children at a provider).
% Calculated	Child Payments Calculated divided by Child Attendance Records. This shows the Coalition's progress towards completing the payment calculations. This includes all payment statuses, from 'Closed' to 'Paid'.
Children Paid	Number of child enrollments calculated and in 'Paid' Status.
% Paid	Children Paid divided by Child Attendance Records. Shows the Coalition's progress towards completing the final step in the payment process, moving the calculated reimbursements to 'Paid' status.
