

# Transition to Kindergarten: Regional Readiness Leadership Summits

Smooth transitions from preschool to kindergarten depend on connections made between participants in the process, such as those between schools and families and between preschool and kindergarten teachers and classrooms. Connections made prior to kindergarten entry are particularly important.

With funding from the Preschool Development Birth to Five Grant (PDG) the Division of Early Learning (DEL) contracts with the Children's Forum to deliver Transition to Kindergarten Regional Summits to continue promoting peer learning and sharing of best practices to ease educational transitions and with Exela to deliver the Transition to kindergarten Resource Kits.

**3**

## **Virtual summits**

held in 2021 to share best practices in easing the transition between preschool and kindergarten.

**1,000**

## **Participant capacity**

at each of the 2021 summits.

**950**

## **Participant resource kits**

for all summit attendees.
